

Fact Sheet: The Potter's House

ABOUT THE POTTER'S HOUSE

Founded in 1996, The Potter's House is a 30,000-member nondenominational, multicultural church and humanitarian organization led by senior pastor Bishop T.D. Jakes. Consistently ranked among the largest and most influential churches in the U.S., The Potter's House has five locations: The Potter's House of Dallas, The Potter's House of Fort Worth, The Potter's House of North Dallas, The Potter's House of Denver and The Potter's House of L.A.

Deeply rooted in local and global communities, The Potter's House charter is to extend a "*hand of help to the needy, a heart of compassion to the hurting, and a message of empowerment to the disenfranchised.*"

The Potter's House mission is carried out through four distinct channels: global humanitarian outreach, inspirational conference series, media and entertainment ventures, and thought leadership forums.

GLOBAL HUMANITARIAN AND OUTREACH INITIATIVES

Metroplex Economic Development Corporation (MEDC)

A 501(c)(3) business development corporation, MEDC aids families and individuals in underserved communities. The MEDC provides practical programs from home ownership to credit development, financial literacy and entrepreneurial development initiatives.

Texas Offenders Re-Entry Initiative (T.O.R.I.)

Operating within five primary geographical re-entry points within the state of Texas (Dallas, Fort Worth, Houston, San Antonio and Austin) T.O.R.I. serves as an "after-care" program for former offenders transitioning back into society. For more than 13 years, the program has provided case management, family and marital counseling, and pre-employment assistance. More than 10,000 graduates have matriculated since T.O.R.I.'s founding. In 2013, T.O.R.I. received an EMMY award for a TV documentary recounting client success stories.

United MegaCARE

The humanitarian outreach arm of The Potter's House, United MegaCARE provides practical help to hurting people around the world, including in North, Central and South America; Africa; Asia; the Middle East; Europe; and the Caribbean. United MegaCARE teams are on the ground providing supplies, filtering systems, medical supplies and food after major disasters, such as the recent West Virginia water contamination catastrophe, Haitian earthquake, Hurricane Harvey and Hurricane Florence. The group is also attuned to global issues such as AIDS awareness, sex trafficking, clean water systems, microeconomic development, healthcare and green initiatives. For example, in Kenya, United MegaCARE built the T.D. Jakes Wing at Melchizedek Hospital, provided medical care and recently averted tribal warfare by repairing life-saving well systems drilled by the ministry. United MegaCARE also provides ongoing medical screenings for Dallas-area residents, aid to the homeless, plus other acts of practical kindness through more than 120 auxiliaries.

INSPIRATIONAL CONFERENCE SERIES

MegaFEST

One of the most widely recognized events, the multiday, family-friendly entertainment forum has broken attendance records around the globe. Traditionally held in Atlanta, in 2008 the festival ventured to South Africa with outreach missions, excursions, entrepreneurial exchanges and special HIV/AIDS awareness programs. Occurring every other year, the event moved to Dallas in 2013 with featured headliners like Oprah Winfrey and Steve Harvey. MegaFest returned to Dallas in 2015 and 2017. National organizations such as Autism Speaks and St. Jude have been charitable partners in the past.

Woman, Thou Art Loosed!

What began as a woman's Bible study in a storefront West Virginia church in 1992 has since burgeoned into a book, stage play, music album, popular conference and film franchise. Each year women gather to hear encouraging words of hope. Real talk sessions, powerful preaching, inspirational teaching, worship and health screenings are familiar staples at this women's empowerment conference.
